TRADITIONAL WOOD PANEL GARAGE DOORS

Attractive in both appearance and pricing, the General Panel Garage Door offers superior millwork, quality materials, & proven performance while remaining the most economical alternative. Manufactured from the finest grades of select lumber, they offer a variety of sizes and models, each with easy operating hardware.

FEATURES:

- All stiles and rails are kiln dried select grade lumber. Most doors are manufactured with finger-jointed lumber although clear rails may be available if required.
- Easily fitted and weather stripped to provide weather tight fit.
- Wedge-Rite track for ease of operation.
- All galvanized steel hardware.
- Full leaf-type heavy duty hinges.
- Full width steel bars for security.

WARRANTY:

Manufacturer warrants that its garage door will be free from defects in materials and workmanship for a period of one year from date of purchase, provided it is properly maintained and cared for under normal use and service. This warranty is expressly made in lieu of all other warranties, expressed or implied. The liability of manufacturer shall be limited to replacing the material or part found to be defective and manufacturer shall not be liable for any loss or damage, either direct, indirect, incidental, or consequential arising out of use or installation of its garage door.
